## ABOUT

This special session on cancer care involves speaker presentations and interactive dialogues at the International Conference on Drug Discovery and Translational Medicine 2018 (ICDDTM '18) on 5th December 2018 at The Everly Hotel, Putrajaya. It brings to you well-known Malaysian experts in the fields of clinical oncology, palliative care, and public health medicine to review on specific issues in cancer care towards promoting health and wellbeing. The speakers will expand knowledge by addressing current and future challenges to ensure people affected by cancer are treated with care. It also provides a valuable opportunity to meet the experts behind the scene. The session begins with opening remarks by the Director of the Cancer Resource and Education Centre (CaRE), followed by speakers' presentations.
